It would help matters very much if a copy of what is used elsewhere were obtained.

The Dewan's note suggests the use of our charged "Court Fee" labels. From an unofficial conversation with the Chief Judge, he seems to favour a special stamp being prepared & printed upon the paper, as distinct from an adhesive stamp being affixed. As large quantities of the copying sheets will be required, it would be better to print the stamp, as suggested. If this course be adopted, a design will have to be prepared

NOTE— Contn. sheet.

GPB—50,000—12-8-10

+ plates obtained for printing purposes. Hence the need for getting a sample of what is now used elsewhere.

12 If paper of the size ~~of the~~ suggested by the Dewan be used it will have to be specially ordered, being of irregular dimensions. But as paper for the purpose will have to be specially ordered, whatever the size may be, this does not much matter. Paper of the quality of the new three-pie paper would appear to be suitable for the intended purpose, so far as may be judged without seeing a copy of what is in use.

13 Printing, perforating and ruling could be done in the ordinary way.

8/4/11.

WG Yates is of opinion that paper will have to be specially manufactured

18 Two Calcutta Gazette papers are placed in the file for inspection. It will be seen that if we adopt that size, the lines - which are to be only 16 in number - will be too far apart and further as there are no papers of this size among our existing supplies new ones will have to be specially got manufactured.

19 It appears that our present 31-pie-paper will answer all requirements. A rough sketch of the paper as it would be if it is adopted is has been prepared and plan is placed herewith. It will be seen that allowing for the stamp and voucher as much space as is allowed in the Calcutta paper 16 lines can be inserted in it ~~at a similar~~ although at a greater distance from each other than in the Calcutta paper. The

	D.O. to Mr. Yates, N° J 1699 & 28.11.11. Calling for the promised design of the paper to be introduced as a temporary measure.
	D.O. to Mr. Rajaratna Mudr. N. J 1722 & 29.11.11. Enquires what quantity of paper on an average is Consumed monthly in the Courts of the State
	D.O. from Mr. Yates. & 29.11.1911. Forwards a design of the paper.
	D.O. from Mr. V.A. Rajaratna Mudr N° nil & 4-12-1911 States that the probable quantity of Copying Sheets that would be required, would be 20,000 per month for Civil Courts, and the like number for Criminal Courts.
	D.O. from Mr. Yates & 5.12.1911. Forwards the design for the Copying Sheets pulled on two qualities of paper, and Suggests that in the event of a Stock being ordered, the Same quality of paper as the new three-pice paper

NOTE – Contn. sheet.

GPB—50,000—12-8-10

Serial No.

of the required length may be got, but white instead of azure and states that if the design is accepted he will have to get a block made

28 Submitted with a draft order as personally instructed. A para will be added in regard to the paper approved for issue.

Mr Yates told me in morning that the block for this design will have to be got made in Madras.

Secy-12
5-12-11. SW(11)

29 I Enclose for inspection 4 Sample Stamped Copying papers prepared by Mr Yates for temporary use till proper arrangements are made. The design of the Stamp has first to be approved and if that is done Mr Yates will get a block of it prepared ~~from~~ in Madras.

30 It will be noted that two of the Samples (marked "A") are on white paper while two others ("B") are on azure-coloured paper. Mr Yates considers the former too costly for our purpose — we have only 4 pies per Sheet to cover our entire Cost — while the other is said to be of too inferior a quality He therefore Suggests that paper of the Same quality as our present 3-pie paper but white in Colour and of the size of the Calcutta pattern may be adopted

These two papers have been cut at the ~~Bottom~~ margins to reduce them to the present Size. There will therefore be Some wastage of paper

G. R. S. 12]
General and Revenue Secretariat.

Ch. File No. 62 of 1911-12

Serial No.

This on the whole seems to be the most feasible suggestion and may be appd.

31 As the preparation of a design took some time and as 1st Jan 1912 is already approaching it is feared that the new paper could not be brought into use until the 1st March 1912. Perhaps 1st July 1912 would be a convenient date to issue the new paper.

32 Mr Yates has got about a months supply of the two kinds of paper on which he has printed the Sample design. additional quantities required will be have to be newly ordred. About 40 to 50 thousand Sheets are required ~~annually~~ 24 monthly by Civil and Criminal Courts (vide Regrs. letter).

Hag C.

33 [Our Existing Supply of 3 pi paper will not do as it is not of the required Size. The new paper will be of this size after the 'voucher' at the top is torn off along the perforated line.]

34 If the suggestions are approved the Copying rules issued by the Ch. Ct. will have to be suitably modified. Likewise, the Regr. Courts and other offices in the Shahi Granting Copies to the public may be required to use only the

GOVERNMENT OF MYSORE

Rec'd

Dear Sir Ayyangar,

With reference to the conversation I had with you re the proposed new copying papers, may I point out that in view of the importance of having a good water-marked paper, it is not possible to proceed with any printing until this is obtained. It would do to start with a

temporary water-mark.
The size and the quality
have, I understand,
been decided upon.
I now propose that a
water mark similar
to the new petition paper
be ordered, substituting
the word "petition" for
whatever word may
be selected. When this
has been decided, an
approximate annual
consumption must
be stated and funds
provided for purchase
of same. It will take

17

roughly about four months from the date of placing the order & time of receiving same

Yours Sincerely,
W. Yates
Supdt

42 Personal orders of the Dewan obtained that the scheme might be sanctioned so as to take effect from 1st July 12.

43 – Put up draft soon

NOTE—Contn. sheet.

GPB—50,000—12-8-10

ab 162-10 19

Submitted to His Highness.

48 The Chief Court has suggested the adoption of the system followed in Bengal of having stamped copying sheets for use in the Civil and Criminal Courts of the State. Under this system the party applying for copies buys the sheets at a price, viz. 2 annas, which will cover the cost of the paper (4 pies) and the copying fees (1 anna 8 pies). The cost of the paper goes to Government and the copying fee is paid to the copyist from the Government Treasury on his presenting the upper slips torn from the sheets of paper on which the copy is engrossed. The Chief Court considers that the introduction of this system will reduce by half the work of the Nazirs in Civil Courts, and what is more important the risk of money being lost to private parties.

49 2. Each page counts for a fixed number of words, English and Kanarese, so that the copying fee payable is reckoned automatically.

50 3. The proposal is a good one and is agreed to by the Second Councillor. The accompanying draft order directing the introduction of the system from

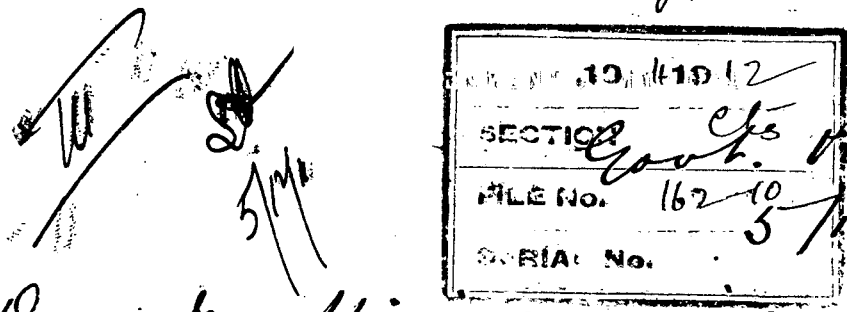
DIARY No. J 1584



5/12/11.

Dear Mr. Hirayamaya,

I send herewith design for the copying sheets. It is pulled on two qualities of paper – "A" & "B"

"A" costs as. 7 per lb., & "B" as. 2/4½ per lb. They are the nearest papers we have in stock to the size of Calcutta pattern. Any other would incur a lot of waste. "A" I consider too expensive; & "B" not good enough. What I would suggest, in the event of a stock being ordered, is that the same quality of paper as the new 3-pie paper be adopted, (as. 4/7 per lb.), but white instead of azure, & of

course of the Calcutta size.

Kindly understand that the design is only a patched-up one; if it be accepted, I shall have to get a block made from it. The lines are merely drawn with pen.

Yours sincerely,

C. H. Yates.

Supt.

S. Hiripanunja, Esq., M.A., B.L.

Asst. Secretary.

SUBJECT No. 43.

Stamp papers for furnishing copies.

Mr. C. Krishnamurti, Law Association, Bangalore.

Summary of discussion.—The paper system for furnishing copies may be introduced as in Madras, as it would obviate the difficulty in counting the number of words to be paid for, etc. Mr. Raghavachar, however, spoke against the proposal, and instanced the case of copies of short documents for which also a minimum fee —perhaps two or three annas—would have to be paid.

Reply of Government.—The system obtaining in Bengal will be enquired into and the question of introducing the paper system without a fixed copying establishment and with, if necessary, a lower unit for calculating costs will be considered in consultation with the Chief Court.

Subd for orders. This will be placed in the Connected file, under Consideration of Govt.

Cb 9 160—10

From,

The Registrar of the
Chief Court of Mysore.

To,

The Officiating Secretary to the
~~the~~ Government of Mysore,
General and Revenue Departments.

Sir,

I ~~and~~ am directed to forward herewith a copy of a note by the Judges of the Chief Court on the question of the introduction of stamped copying sheets.

I have the honor to be,
Sir,
Your most obedient servant,

for Registrar.

N O T E.

The object of this note is to impress upon the Government the desirability of introducing stamped copying sheets and of thereby relieving the Nazirs' department of fully one half of their work. We cannot help thinking that the delay in introducing a system which has been in force throughout British India for very many years may be due to some misconception and we would therefor explain that the question of introducing stamped copying sheets is perfectly distinct from the question of appointing a paid copying Establishment. In Madras the copyists receive fixed salaries. In Bengal the Examiners are salaried officials but the copyists are paid by results. The Bengal rules (General rules and Circular orders vol:I pp97/I06, I38/I4I, and 295/297) are as simple as any rules well could be, and our proposal is that the Bengal system be introduced subject to the modification that examiners as well as copyists shall be paid by results.

In Bengal the applicant is informed of the number of sheets required for the copy. These are purchased from the treasury or from a stamp vendor and when they are produced the copy is put in hand. Copies are prepared on sheets stamped 3 annas with a perforated line above the stamp. Each sheet is supposed to contain 150 English or 300 Vernacular words. There are 25 lines in the sheet so that each line averages 6 English or 12 Vernacular words. When the copy is ready the upper part of the sheet is torn off along the perforated line, is endorsed with the name of the copyist and kept till the end of the month when it is produced as a voucher for payment. After the account is passed the slips are torn up and destroyed. Any unused sheets are attached to the copy and are returned with the copy to the applicant.

Out of the 3 annas the Bengal copyist receive 2 annas, the balance of one anna representing the cost to Government viz, salary of examiners, price of paper etc.

In Mysore

In Mysore it would probably be more convenient to introduce 2 annas copying sheets. There would be 16 lines on each sheet which would contain 100 English or 200 Vernacular words. The copyist and examiner would receive 1 anna 8 pies as at present and the balance of 4 pies would probably more than cover the cost of the paper. The system can be introduced as soon as the sheets are available.

7th March 1912.

The Superintendent of Stamp Manufactory,
Government of Mysore, B A N G A L O R E.

Dear Sir,

We have today received a cable from our Head Office to the effect that, owing to the strikes in England, several Mills and Factories are closing down and prices of all raw materials and manufactured goods are hardening up.

In the face of this information we hereby give notice of the withdrawal of our current prices and beg to inform you that all future orders will be treated on their merits and subject to confirmation by our Head Office.

The present strike, however, will not affect the prices of any unexecuted orders that are lying with our Head Office which will be fully carried out by us subject to the usual strike Clauses.

You can rely on our withdrawing this notice as soon as the situation in England resumes its normal condition.

Yours faithfully,
per pro JOHN DICKINSON & Co., Ltd.

GOVERNMENT OF MYSORE

No 162106 J 2405 1912

Stamp Factory,

Bangalore, 20th March 1912.

Dear Sir,

In reply to your D.O. No.J.2720 dated the 16th March 1912, enquiring what proportion ~~of~~ the cost of the Dandy Roll (£ 25/-) will bear in the price of new copying paper, I find it works at about 17½% on the cost of the paper which is roughly Rs 2,136.

The reason for the comparatively high price is owing to the design having to be repeated four times on the Dandy Roll, to permit of our printing four copies at a time. The expense is of course only an initial one and will

not

15(e)

not be a charge on subsequent orders.
